Sponsorship Opportunities

*Sponsors will have the opportunity to **promote their organisation** - You will **connect** with with potential employees, partners and customers and form **strategic alliances** - Ensure that your organisation is at the forefront of neuroscience in the UK and worldwide, enhancing your **visibility and influence***

About our meeting

This international gathering is dedicated to exploring the **latest advancements in cell and gene therapies, pharmaceutical innovations, and cutting-edge neurotechnology aimed at addressing neurological diseases.** Featuring a diverse lineup of expert speakers and interactive sessions, the conference provides a platform for researchers, clinicians, and industry leaders to share insights, discuss challenges, and collaborate on pioneering solutions to improve nervous system health. Attendees will engage with the latest research and practical applications that promise to reshape the future of treatment for various neurological conditions.

Our speakers will attract an international audience of up to 500 delegates, primarily researchers, clinicians and industry from the Cambridge innovation ecosystem and beyond.

UNIVERSITY OF CAMBRIDGE

*As always - superb organisation
of a very memorable day - lots of
new things to learn and get
excited about; lots of new
connections made.
Thank you for a wonderful
conference and dinner!*

Nina...CNS 2024 Speaker

*Many thanks for organising such
a wonderful conference. I very
much enjoyed it, it had very
positive vibes!*

Gabi...CNS 2023 Speaker

About 'Interventions & Recovery'

- Our 8th biennial meeting
- We anticipate >450 delegates
- 2019 figures
 - 62.9% internal versus 37.1% external delegates
 - 61.3% of attending delegates were Early Career Researchers (i.e. not Industry, Faculty or Emeritus)
- Beautiful light-filled exhibition area
- Exceptional Plenary Speakers confirmed!
 - Professor Lorenz Studer (Sloan Kettering)
 - Professor Amy Arnsten (Yale)
 - Professor Sir Stephen O'Rahilly (Cambridge)
- Interdisciplinary Programme with 24 national and international speakers
- Extended direct networking time
- Gala dinner in the beautiful Trinity College

About our venues - West Road & Trinity College

- **West Road Concert Hall** - A modern facility; widely regarded as one of Cambridge's premier music venues.
- Situated only a few minutes' walk away from the famous Cambridge Backs and King's College, the Concert Hall is renowned for its superb acoustic qualities.
- **Trinity College** - The College was established by that most infamous of English Monarchs – King Henry VIII in 1546. Join us for our reception in the beautiful Wren Library Cloisters before dinner in the Great Hall - a stunningly atmospheric venue for our Gala dinner where we follow in the footsteps of past students such as Isaac Newton!

Our plenary lectures

- **Andrew Huxley Plenary Lecture**
- **Professor Lorenz Studer**
- Sloan Kettering Institute
- new therapies for degenerative disease and cancer
- These plenary lectures are named in honour of **Sir Alan Hodgkin** and **Sir Andrew Huxley** who received the Nobel Prize in Physiology or Medicine in 1963 (jointly with John Eccles), *“for their discoveries concerning the ionic mechanisms involved in excitation and inhibition in the peripheral and central portions of the nerve cell membrane”*.
- **Alan Hodgkin Plenary Lecture**
- **Professor Amy Arnsten**
- Yale University
- molecular regulation of higher cortical circuits
- **Compston-Robbins Cambridge Neuroscience Plenary Lecture**
- **Professor Sir Stephen O’Rahilly**
- University of Cambridge
- pathogenesis of obesity
- named in honour of **Alastair Compston** and **Trevor Robbins**, the founding Directors of Cambridge Neuroscience
- Inaugural Lecture

Bronze Package

→ Exhibit

- Exhibit space placed within the poster and refreshment area (~2m x 2m)
- Set up on September 9th (pm)
- One Parking Space*

→ Acknowledge

- Acknowledgement as sponsors on all marketing (to include the programme, online advertisements, e-marketing, holding slides, conference website and brochure)
- Display of **company's logo** on event website, on holding slides, and in conference brochure

- Free **registration for 2 company employees**
- Invitation to the **drinks reception and conference dinner** (2 tickets) at Trinity College on Wednesday 10th September (further tickets at a discounted rate)
- **Half page colour advertisement** in conference brochure or promotional material (1 x A5 flyer) inserted into delegate packs

£2000 plus VAT

Interdisciplinary Themes

alzheimer's disease
neurotechnology
mitochondrial disorders
multiple sclerosis
youth mental health
pain
obesity
monoclonal antibodies
otology
neurodegeneration
stem cell therapy
parkinson's disease
genomics
addiction
immunology
gene therapy
dementia
epilepsy

- 7 sessions over 2 days
 - 24 speakers (52% Cambridge and 48% external)
 - Public facing panel discussion with patient participation on current & future dementia treatments
 - Early Career data blitz
 - Social media and marketing opportunities
 - Company speaking slots*
 - Delegate mail shots available*
 - Social and Networking opportunities
- * dependent on package purchased

→ Exhibit

- **Exhibit space** prominently placed within poster and refreshment area (~3m x 2m)
- Option to have **pop up banner** in registration area
- One Parking Space*

→ Acknowledge

- **Choice of supporting a session or one of the three external Plenary lectures**
