2026 NeuroSU Annual colloquium

Monday October 12, 2026

« Imaging the brain in vivo from cells to networks »

9:00-9:30	Welcome & Breakfast
9:30-10:15	**Public conference** ▸ ANNE-LISE GIRAUD Institut de l'Audition - France
10:15-10:30	Coffee break
10:45-12:00	**SESSION 1 - Cell level** *(Holographic, optogenetics...)* ▸ VALENTINA EMILIANI Institut de la Vision - France ▸ BRICE BATHELLIER Institut Pasteur - France ▸ GREGOR PILZ LMU Biomedical Center - Germany
12:00-13:00	Lunch break and Poster Session
13:00-14:30	**SESSION 2 - Network level** *(two-photon, analysis of dendrites, optogenetics...)* ▸ ROSA COSSART Institute of Mediterranean Neurobiology - France ▸ EMRE YAKSI Kavli Institute for Systems Neuroscience - Norway ▸ SONJA HOFER Sainsbury Wellcome Centre - England

14:30-15:00	Break and Poster Session
15:00-16:30	**<u>SESSION 3</u> - Across or deep in the brain** *(functional ultrasound, widefield, fiber photometry...)* ▸ ISABELLE FEREZOU Paris-Saclay Institute of Neuroscience - France ▸ CLAIRE WYART Paris Brain Institute - France ▸ ANTOINE ADAMANTIDIS University of Bern - Switzerland
16:30-18:00	Social and Poster Session
